Re : Safety Scheme at Parteen Village , Junction of School Road & R464.

Dear Mr Ruane,

Clare County Council is currently constructing a safety scheme at the abovementioned location. The scheme will include a traffic signal system for control of the junction, improved footpaths and controlled pedestrian crossing points.

In order to complete works along School Road, it is necessary to close the road from 6<sup>th</sup> September approximately two weeks. The road will be closed from the junction with the R464 at Browne's pub to the Priests house. Pedestrian access will be maintained for the majority of the closure period.

A temporary turning area will be in place at the closure point on the school road during the works. Creation of this turning point will entail the hardcoring of a section of the front green area of the Greepark estate. On completion of the works, this section of the green area will be reinstated.

If you have a means of informing parents in relation to these works , I would request that you do so. Signage will be in place at the closure points providing information on the duration of the closure.

If you have any queries in relation to these works, please contact the Shannon Municipal District office on 061-372733.

Yours Sincerely,

Eugene O'Shea , SEE
