

## Week beginning 20<sup>th</sup> April

Dear 5<sup>th</sup> Class,

Welcome back to the Summer term. We are missing you all very much and hope that while you are at home you are helping around the house and enjoying family time together. The weather is lovely at the moment and we are sure that you are spending time outside playing with family members, practising your GAA and other sports and hopefully learning a range of new skills. Help out in the garden, cut the grass, paint some fences!

Traditionally we would spend this term revising a lot of work we have done this year and so while we are waiting to return to school we will start revising areas which we know you have covered this year.

Please remember that all activities are optional but reading should be prioritised if you are to choose just one activity a day!

English	<p>Reading - We would like every child to read for 20-30 minutes a day. If you have finished your reading book you could access Borrowbox or one of the other websites mentioned on our Twitter page. Listening to audio books on Audible is also a lovely way to introduce yourself to further stories and authors. Spend time discussing your book with your parents. You could use the task planners to guide your discussion.</p> <p>Reading Zone Unit 55 Read p103&amp;104 – A-D</p>
Maths	<p><b>This week we would like you to revise fractions.</b></p> <p>Planet Maths- Page 54 -simplifying fractions Activity on IXL Maths: <a href="https://ie.ixl.com/math/class-5/write-fractions-in-lowest-terms">https://ie.ixl.com/math/class-5/write-fractions-in-lowest-terms</a></p> <p>Planet Maths -Page 55 &amp; 56- adding fractions Planet Maths- Page 57- subtracting fractions Activity on IXL Maths: <a href="https://ie.ixl.com/math/class-5/add-and-subtract-mixed-numbers-with-like-denominators">https://ie.ixl.com/math/class-5/add-and-subtract-mixed-numbers-with-like-denominators</a> &amp; <a href="https://ie.ixl.com/math/class-5/add-fractions-with-unlike-denominators">https://ie.ixl.com/math/class-5/add-fractions-with-unlike-denominators</a></p>
