BOM Agreed Report  
BOM Meeting June 26<sup>th</sup>, 2020

Six members of Board of Management met in the school hall and two joined via Zoom, as per advice from Diocesan Office.

This was a special meeting to review feedback from staff and the Parents Association on a draft plan to reopen the school.

The Board of Management want to thank everybody who sent feedback.

All feedback was considered. The BOM ratified a new plan for reopening taking into account the feedback received. This will be published on June 27<sup>th</sup> as we are awaiting confirmation of one detail. The plan will be communicated via the school website, text alert to all members of the school community and published on Twitter.

The BOM will meet again on Tuesday, August 25<sup>th</sup>, to review the latest guidance and review the plan in light of all guidance.

We thank the school community for their work and commitment and wish everybody well for the summer break.
