### **Wash your Hands**

All members of the school community must watch this video on hand washing.

## Symptoms of Covid-19

No member of the school community can come to school if they display any Covid-19 Symptoms, available here: <https://www2.hse.ie/conditions/coronavirus/symptoms.html>

In summary, common symptoms of coronavirus include:

- a fever (high temperature - 38 degrees Celsius or above)
- a cough - this can be any kind of cough, not just dry
- shortness of breath or breathing difficulties
- loss or change to your sense of smell or taste – this means you've noticed you cannot smell or taste anything, or things smell or taste different to normal

## Isolation Guide

Please follow the HSE Guide to isolation for children between 3 months and 13 years. <https://parteenschool.ie/wp-content/uploads/2020/09/Isolation-Guide.pdf>

### DES Letter:

<https://parteenschool.ie/wp-content/uploads/2020/08/Letter-to-schools-re-Covid-Cases-27.08.20-1.pdf>

### Privacy Notice re Dealing with Contact Tracing

<https://parteenschool.ie/wp-content/uploads/2020/09/Privacy-Notification-to-Parents-Contact-Tracing.pdf>

**Please note that if school management become aware of a Covid-Case in the school, they are specifically prevented from informing staff and parents/ guardians. School management inform the HSE and the HSE take over contact tracing. School management can only take whatever actions the HSE tell them to do. It is important you are specifically aware of this point which is explained in the procedures for dealing with Covid-19 in schools. We understand this will be a cause of concern for staff and parents/ guardians and this should be taken up with your representative groups.**

### Close Contacts

A close contact is defined by the HSE here:

<https://www2.hse.ie/conditions/coronavirus/close-contact-and-casual-contact.html>

Staff are asked to maintain more than the 2m distance from each other to ensure that they, in so far as possible, do not become defined as a close contact with each other. This is why we have an extra staffroom. SNAs and class teachers should be more than 2m from each other as should anyone engaging in team teaching.

### **Isolation area while awaiting collection**

This is located between the glass double doors in the unused corridor in the Junior Building near the sensory room exit. (Entrance 3) The child will be supervised by the Principal/ Deputy Principal/ Health and Safety Officer. Nobody else may enter this area while a child is awaiting collection. It will be sanitised by cleaning staff after the child leaves. In the event of there being a second suspected case, Room 14 Mrs. O' Rourke's room will be used.

### **Hand Hygiene**

Pupils and staff should sanitise their hands

- on exiting their vehicle
- on arrival at school
- before eating or drinking
- after using the toilet
- after playing outdoors
- when their hands are physically dirty
- when they cough or sneeze
- Anyone moving between rooms must sanitise before they leave a room and return to their room e.g. children going to support, principal moving between rooms, SNAs, support teachers etc

Ideally, the automatic hand sanitiser should be used on entry to the building. However, depending on the wait time, staff may bring in the class to sanitise at the door.

### **Respiratory Hygiene**

All members of the school community will practise respiratory hygiene. This means covering your mouth and nose with a tissue or your bent elbow when you cough or sneeze. Then dispose of the used tissue immediately and safely into a nearby bin.

### **Temperature Checks**

Parents should check their child's temperature before school each day and not send them to school if they have a high temperature. Following HIQA recommendation that temperature screening should not be carried out in schools, teachers will now only take a child's temperature if they are concerned that a child looks or feels unwell.

### **Equipment**

Each staff member labels their own stock of surgical grade masks, their visor, disinfectant wipes and a bottle of Brill Blue disinfectant. All staff have their personal hand sanitizer to bring with them as needed. Wall hung sanitisers are in all classrooms, school entry points and corridors. Automatic sanitisers are located at each entry point. Perspex screens are on all work stations and on staffroom tables. Staff notify Saranne, Revilly or Catherine when they are running low on the above supplies.

Staff should practise mask hygiene: <https://www2.hse.ie/conditions/coronavirus/face-masks-disposable-gloves.html>

**Daily practices:**

Staff must disinfect personal items e.g. keys, phone, bag etc. when they come to work. Staff must disinfect their work station at the start and end of each day. There will be no handshaking or hugging in the school. Staff and pupils should avoid sharing personal items.

**Visors/ masks**

Medical grade facemasks and visors are available for all staff. A facemask is compulsory throughout the school day as a staff member may have Covid, be unaware, and be inadvertently spreading droplets. The following are exceptions:

- Break time inside the staffrooms as staff are eating
- P.E.: A teacher must bring their face covering with them but when giving instructions at a significant distance e.g. 5m, they may remove facemask. Mask hygiene must be practised.
- If you are on your own in your own room, working at your own desk with your own item. For example, if you are in your own room at your own desk working on your own computer or your own notes, it is okay to remove your mask but if you are correcting copies or handling any item that will be used/ touched by another staff member you must keep the face covering on. Work station must be sanitised before and after use.

**Signage**

Signage is displayed through-out the school building reminding the school community about Covid-19 prevention etiquette. Permanent signage to direct people e.g. delivery persons, to the front of the school is in place. No congregating signs are displayed at the school gates. Standard feet markings and other child friendly markings are in place on yard and 'walk to the left' system has been marked out in the corridors.

**Deliveries**

All deliveries must be left at the front door. (Entrance 1 as per signs) Delivery personnel may not enter the building. Staff are asked to only order school items for delivery to the school.

**Bin lids**

Bin lids have been removed off the blue recycling bins to reduce a common touch area. They will be kept on the rubbish bins for hygiene purposes and these bin lids will be sanitised daily. All people should sanitise before and after placing something in the rubbish bin.

**Doors**

All internal classroom doors, where practical, to be left open, to minimise touching of common areas. Door stops have been purchased for use as teachers viewed necessary.

**Ventilation**

Open windows (fully) before school, after school and during breaks

Turn on heating (when required) and partially open windows above the radiators so as to offset any local chilling effect that occurs because windows are open!

It is better to partially open several windows than to open one window fully.

[practical-steps-for-the-deployment-of-good-ventilation-practices-in-schools.pdf](#)

## **Physical distancing amongst school population.**

### **Class level**

Each class will remain separate throughout the school day. We use the term 'class' instead of bubble as we are all more familiar with the term 'class'.

In JI-2<sup>nd</sup>, children will be separated from each other in-so-far as possible.

In 3<sup>rd</sup>-6<sup>th</sup>, children will be placed in 'pods'. We will use the term 'groups' as we are all more familiar with this term.

Groups should be of mixed-ability. Children attending support should not be spread through all groups. Pods can be regrouped after Christmas and Easter only.

Each group will be separated by 1m and remain in their groups throughout the day indoors, in-so-far as possible. See full guides to physical distancing here:

<https://www.gov.ie/en/publication/dd364-control-measures-covid-19-response-plan-for-safe-re-opening-of-primary-schools/>

Children will not be sent around the school on messages. Teachers will use the Aladdin noticeboard for messages.

### **Staff level**

For small break, the junior end of the school must use the staffroom and the senior end should use the new staffroom as there is not enough time between the breaks to have the one room sanitised- **At big break, if you leave your seat to go on yard, you must Brill Blue the seat and desk.** Facemask etiquette should be practised when taking face coverings on and off:

<https://www2.hse.ie/conditions/coronavirus/face-masks-disposable-gloves.html>

Gatherings of staff before or after school should not take place.

### **Support Teachers and students**

Support teacher timetables have been streamlined into working with a smaller amount of classes. When children are picked up from their room, the children must sanitise and they must sanitise again before returning to class. Support teachers may use the repurposed halla. Again, all surfaces and hands must be sanitised after use.

### **Mata sa Rang / Literacy Lift-Off / Graded Reading**

Mata sa Rang and Literacy-Lift-Off run in the Junior half of the school. This year, these initiatives will be timetabled for the same class for the same for 6 weeks.

The groups will be divided between the support teachers and the class teacher. The class teacher will remain in class with a group and the support teachers will take their groups to the hall/ support room. Each teacher will complete all the typical 'stations' with each group i.e. one teacher works in a room with one group of pupils. Resources will be sanitised by each teacher after use. Resources/ books will not be sent home. The teachers involved will therefore keep the same group from the same class in separate rooms and complete the Literacy and Numeracy activities with them. By doing them after each other and with the one class for a number of weeks, it will minimise the contact support teachers have with classes.

Graded Reading, as was previously organised, has been adjusted. Ms. O'Dwyer has developed a timetable and will support each class in 3<sup>rd</sup>-6<sup>th</sup> for a number of weeks. The graded reading will take place at home.

### **Shared equipment:**

#### **Ipads and laptops**

These have been divided out among all classes. IT audit was conducted in Term 1 with follow up purchasing in progress.

#### **PE Equipment**

This has been boxed/ organised into categories. Staff have taken boxes to their rooms and some are in the hall. Staff must apply Brill Blue after use. Staff must inform each other what they have in their rooms.

#### **Sensory Room**

Each teacher/ SNA should spray Brill Blue on the fixed equipment before use. All fixed equipment should also be sprayed with Brill Blue after use by adult attending with the child.

#### **Art/Music/ Library books**

Where practical, each child shall use an individual set of art supplies. Music instruments should not be shared. **Song-singing can only take place outside with social distancing (DES Returning to School Advice March 2021).** Library books will be kept in school

#### **Break Time**

We will operate our usual rota for Junior roster and Senior roster. However, only half the classes go out to the yard for their playtime. The classes that go out will be separated on the yard and playground. On the days when a class group are not scheduled to go out, the class teacher can take the children outside at a different time for a break, just to get fresh air and play.

#### **Week 1 and 3 of month:**

Junior roster: JI-2nd

Monday/Wednesday/Friday: Junior Infants and Senior Infants go out to yard.

Tuesday/Thursday: First and Second classes go out to yard.

Senior roster: Third – Sixth.

Mon/Wed/Fri: Third and Fourth classes go out to yard.

Tues/Thurs: Fifth and Sixth classes go out to yard.

#### **Week 2 and 4 of month:**

Junior roster: JI-2nd

Mon/Wed/Fri: First and Second classes go out to yard.

Tues/ Thurs: Junior Infants and Senior Infants go out to yard.

Senior roster: Third – Sixth.

Mon/Wed/Fri: Fifth and Sixth classes go out to yard.

Tues/Thurs: Third and Fourth classes go out to yard.

## Playground

This is used at break times and sanitised by our cleaner after each break. Every class will also be given a 'day' to bring children out to play in it. This rota starts with JI and goes to 2<sup>nd</sup> 6<sup>th</sup>— one teacher should inform the next teacher in the sequence that their day is next. The teacher must bring Brill Blue and sanitise the playground afterwards.

## Yard Book

Teachers will no longer record names of children going to the toilet in yard book.

## First Aid

This will be administered as normal but if staff are wearing gloves a fresh pair must be put on first. Facemask must be worn. Gloves must be changed afterwards as per normal procedures.

## Principal Duties

The Principal, as leader and day-to-day manager of the school, must be able to speak with each staff member and visit each class as necessary to fulfil his duties. Like with other staff, he will sanitise before and after entering each room, wear facemask and/or visor and maintain social distance. As he will therefore be in contact with all staff members and all class groups, as well as professional visitors and parents/ guardians by appointment, he will keep meetings with individuals as short as possible, while fulfilling duties and responsibilities. Any meetings he must have with anyone for longer than 15 minutes will be conducted in a large room e.g. staffroom with a social distance of 4m to avoid possibility of close contact.

## Secretary Duties

To minimise contact while fulfilling duties, staff, as noted, are not permitted into the office and visitors will be minimised and must wait outside until Catherine is ready. Staff are asked to email Catherine with requests or use the Aladdin Noticeboard. Only Catherine may use the intercom.

Only Catherine may use the school phone. The Principal uses the office phone. The Deputy Principal uses the school mobile. Staff will be given expenses to use their own phone for school calls should they incur extra charges.

## Substitutes

Circular 45/2020 covers the system for booking substitutes. All staff are asked to phone the school principal as per normal procedures as soon as possible to allow for as much time to book a substitute as possible. As is always the case, the Principal works to ensure substitutes are employed and given our location between Clare and Limerick, he is almost always able to secure a substitute. We will not know what availability of substitutes will be this year.

When a substitute cannot be sought as per the panel and normal school procedures, support teachers will be allocated to cover the class as follows (these will be subject to change in September based on teacher class allocation and will be published internally):

JI Judy	Sile	3 <sup>rd</sup> Eimear	Saranne
JI Sheila	Ruth	3 <sup>rd</sup> Marty-Ruth	Sile
SI Anita	Saranne	4 <sup>th</sup> Damien	Karen
1 <sup>st</sup> Leah	Steph/Ger	4 <sup>th</sup> Lisa	Grace
2 <sup>nd</sup> Fidelma	Sile	5 <sup>th</sup> Siobhan	Karen
2 <sup>nd</sup> Aoife N	Mairéad	6 <sup>th</sup> Patrick	Grace
		6 <sup>th</sup> Aoife C	Ruth

A substitute teacher will be booked to provide extra support to that support teacher on a day a substitute is available to make up for the lost time with the children, as per the circular.

Substitutes will be asked to fill out the Return to Work Form and Contact Tracing Form. They will be asked if they have completed the DES online training and may not start in Parteen N.S. until they have. They will be given a visor and facemasks. They may use the Brill Blue and Disinfectant wipes on the work station of the person they are replacing. **It is very important that staff leave the Brill Blue, box of masks and disinfectant wipes on their work station and have their name on it.**

They will be asked to read this full document in advance of coming to the school. If they cannot be booked until close to the school start time, they will be asked to assign the class some work in order to read this document in full. Each sheet of the substitute information pack will be in a plastic poly pocket. On returning these items to the office in the evening, they will be asked to sterilize these poly pockets and their visor.

EPV Days. The DES has provided substitute cover for one day for each teacher. The BOM will allow for staff to take three EPV days this year, as the support team have agreed to cover the classes of mainstream teachers as per the emergency substitute list above.

### **Cleaning Schedule**

A cleaner is present each day from 9am-2.30pm. She will clean common touch areas, all toilets, both staff rooms and hall furniture each day. Staff room will be sanitised by the cleaner after each break. The playground will be sanitised after each break. The playground and all desks and chairs will be sanitised each evening.

Teachers who are on yard and go to staffroom to have a short break will be asked to use the disinfectant wipes and/ or Brill Blue to sanitise anything they touch. SNAs will be asked to apply Brill Blue to their seat and use a disinfectant wipe to clean any items they use.

The school principal will be asked to do the same as sometimes meetings run through break times and he may take his break at a different time. Brill Blue will be left in the staffroom along with disinfectant wipes.

The cleaner working during the day will also top up sanitisers, empty bins. They will clean maths equipment, teaching resources and toys as identified by the teacher on the following rota:

Monday: Both Junior Infant Classes, Ms. O'Donovan and Ms. O'Rourke's Support Rooms
Tuesday: Senior Infants and 1 <sup>st</sup> Class. Ms. Carey's Support Room

School cleaning will continue from 2.30pm-6pm with our existing cleaners.

Cleaning rosters will be signed by cleaning staff each day. Cleaning guidelines have been given to cleaners.

Each class teacher will publish four subject videos each day – one for Irish, English, Maths and one other subject daily. **There will be a weekly zoom class meeting** and no teaching videos will be posted that day and an activity will be given in the zoom meeting instead, Support teachers will implement the school support plans using Googlemeet and/or videos – they will consult with their families on what the best way to communicate is. **If the whole school is closed, whole school assemblies or class level assemblies will take place each week through zoom.**
